(For the most up-to-date list please visit the NC2000 product page on www.LGolutions.com)

SuperSign Elite Software

Easy Editing

LG SuperSign is so easy and efficient that even first-time users can quickly get used to the system's functionality. With sample templates tailored for specific industries and simple operating features such as 'drag & drop', you can easily create expert content.

Drag & Drop

Drag & Drop menu coupled with preview feature.

Easy Update

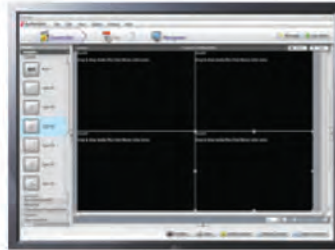

LG SuperSign's remote content delivery allows you to manage your content quickly and efficiently.

LG SuperSign supports high-caliber remote content delivery. In LAN/WAN-equipped environments, you can promptly deliver content to each display.

Convenient Maintenance

LG SuperSign's easy maintenance saves you time and cost so that you can focus your attention on making your business grow even further.

LG SuperSign's real-time monitoring and diagnostic system allows you to easily manage the system from remote locations. The detachable NC1000 External Media Player and the NC2000 Built-In Media Player are designed to be easily detached from the unit. This helps you maintain the system more conveniently that way you can respond much more efficiently in case of an emergency.

Wizard - Even a novice user can easily produce content in a few clicks.

Pre-defined Template - Customized templates designed for various industries.

Urgent Message - Digital bulletin board to display various information and emergency notices.

Content Editor - Allows easy editing of content.

Scheduler - Easy and efficient scheduling.

Manager - Customized management display to maximize productivity.

Morning

Lunch

Dinner

Remote Control - Both the display and external media player can be powered on and off and software upgrades can be installed through LAN.

Fault Tolerant System - When network errors occur, Elite provides you a fault tolerant environment minimizing downtime.

Automatic Log Report - Information regarding display and content are recorded for future reference in an easy-to-read log report.
